Always lead with monthly finance figure

Rochester (Medway) is a strong market for FTS — patients here respond especially well to the monthly finance message given local income levels. **Sophie will deliver your team's FTS training on Wednesday** — make sure all reception and admin staff are available for that call. Your job this week is identical to Charlotte's: build the in-practice FTS systems that turn every enquiry into a booked consultation. Every task has a proof upload and a status box — fill in daily and WhatsApp updates to the group by 5pm. Nadia and Gaurav review everything on Friday.

3-MINUTE LEAD RESPONSE + PRICING

★ **Activate the 3-Minute Lead Response Rule at Rochester.**

Every FTS enquiry — phone, web form, WhatsApp, Facebook — must be called back within 3 minutes. Assign one named lead responder per shift. Set up a WhatsApp alert group so the whole team sees every lead instantly. Print the rule and post it at reception now.

PROOF: Photo of 3-minute rule posted at Rochester reception — upload to shared folder.

★ **Confirm with Nikhil that the auto-SMS is being set up in GoHighLevel today.**

If a lead is not called within 3 minutes, an auto-SMS fires to the patient. Message Nikhil: "Is the 3-minute auto-SMS live for Rochester in GHL?" If not being set up today — escalate to Nadia. The auto-message: "Hi [Name], thanks for your enquiry about Fixed Teeth Solutions at [Practice]. Our team will call you within 3 minutes — or call us now on [number]."

PROOF: Screenshot of auto-SMS live in GHL — ask Nikhil to send to you and forward to Nadia & Gaurav.

Every person who might pick up the phone needs to know: what an FTS enquiry sounds like, what to say, and how to book a consultation. **Sophie will deliver a full FTS training call on Wednesday** — make sure all staff are available. Today is a quick initial briefing so no one is caught off guard by incoming leads this week. First call script: "Thank you for calling about Fixed Teeth Solutions. We offer a free no-obligation consultation. Treatment starts from £7,997 with 0% finance available — many patients pay from £X per month. Can I book you in for a free consultation this week?"
