SEO & Google My Business — Fixed Teeth Solutions

Ashford Bexley Barnet Rochester

Week: Monday 30 June – Friday 4 July 2026 | Report to: Nadia & Gaurav by 4pm Friday

FTS PRICES: £7,997 Starter £11,997 Mid £14,997 Premium Always lead with monthly finance figure

Local SEO for dental implants is highly winnable in all four of our markets — the competition is weak on Google Business Profile quality and location page content. Your work this week directly reduces our cost-per-lead over time: a well-optimised GBP generates free enquiries that we'd otherwise pay £60–150 each for through ads. Every task has a status box — fill in daily and update Nadia and Gaurav.

FIXED INSTALLATIONS — GBP FOUNDATION

## FIXED: GOOGLE BUSINESS PROFILE — ALL 4 LOCATIONS

★ **Full GBP audit and optimisation — all 4 locations (Ashford, Bexley, Barnet, Rochester).**

For each location, check and fix every item on this list:

- **Claimed and verified?** If not — start the verification process today (postcard or phone verification)
- **Business categories:** Primary = "Dentist" | Secondary = "Cosmetic Dentist" | Add "Dental Implants Provider" if available
- **Business description:** Must mention "dental implants", "fixed teeth solutions", "FTS", "All-on-4", and all 3 price points (£7,997 / £11,997 / £14,997). Keep under 750 characters.
- **Services section:** Add — "Dental Implants", "Fixed Teeth Solutions", "All-on-4", "All-on-6", "Implant-Supported Dentures" — each with a description and price range (from £7,997)
- **Products:** Add the 3 FTS packages with prices
- **Photos:** Exterior, interior, clinical team, before/after (with signed patient consent), logo — minimum 10 photos per location
- **Opening hours:** Must be correct and complete including bank holidays
- **Phone, website URL, appointment link:** All must be correct and working
- **Attributes:** Tick "Free consultation", "Finance available", "Wheelchair accessible"

Do this for all 4 locations today. Screenshot each completed GBP profile.

**PROOF:** Screenshot of each GBP showing all sections complete (description, services, photos, attributes) — upload one screenshot per location to shared folder.

**STATUS (FILL IN DAILY)**

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ **Check NAP consistency across all 4 practices.**

NAP = Name, Address, Phone number. These must be EXACTLY identical across the GBP, the website, and all online directories. Even a small difference (e.g. "St" vs "Street") confuses Google and hurts local rankings. Check each location's GBP against its website footer and note any discrepancies. Fix them now or send fixes to Rohit.

**STATUS (FILL IN DAILY)**

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ **Seed 5 Google Q&A entries on each GBP (post from the business account).**

You can post questions AND answer them yourself from the business account. Do this for all 4 locations. Use these 5 questions:

- "How much does Fixed Teeth Solutions cost?" → "Our FTS packages start from £7,997 all-inclusive, with 0% finance from £X/month. Book a free consultation for your personalised quote."
- "Do you offer payment plans for dental implants?" → "Yes — we offer 0% finance on all FTS packages. Many patients pay from £X per month with no upfront payment."
- "What is Fixed Teeth Solutions?" → "FTS is our permanent implant-based solution for missing or failing teeth. Unlike dentures, it's fixed in place and feels completely natural."

- "Do you offer a free dental implant consultation?" → "Yes — we offer a free no-obligation FTS consultation. Call us or book online."
- "How long does the FTS treatment take?" → "Treatment typically takes X–X months. We'll give you a detailed timeline at your free consultation."

**PROOF:** Screenshot of Q&A live on each GBP — upload one per location to shared folder.

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

PLAN FOR GROWTH — SEO CONTENT & RANKINGS

## GROWTH: KEYWORD RESEARCH + CONTENT BRIEFS FOR ROHIT

★ **Complete FTS keyword research for all 4 towns — document in a Google Sheet.**

For each town (Ashford, Bexley, Barnet, Rochester), find and record:

- **Primary keywords:** "dental implants [town]", "fixed teeth solutions [town]", "all on 4 [town]"
- **Secondary keywords:** "dental implants cost [town]", "missing teeth [town]", "implant dentist near me", "teeth in a day [town]"
- **Long-tail:** "how much do dental implants cost in [town]", "best dental implant clinic [town]", "fixed denture alternative [town]"

Use Google Search (autocomplete + "People also ask"), Google Keyword Planner, or Ubersuggest (free). Record estimated monthly search volume next to each keyword. Share the finished sheet with Nikhil, Rohit and Nadia.

**PROOF:** Keyword research Google Sheet — share link with Nikhil, Rohit and Nadia.

STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

★ **Write SEO content briefs for FTS location pages — send to Rohit today.**

One brief per town (4 briefs total). Each brief tells Rohit exactly what to build on the page:

- **H1:** "Fixed Teeth Solutions in [Town] — From £7,997 | [Practice Name]"
- **Content sections:** What FTS is | Who it's for | The 3 packages + prices + monthly finance | Before/after gallery (get images from practice managers) | 5+ FAQs using local keywords | Embedded Google Map | Review widget | "Book Free Consultation" CTA
- **Meta title** (under 60 chars): "Dental Implants [Town] | From £7,997 | Free Consultation"
- **Meta description** (under 155 chars): Include price, finance, free consultation, location name
- **Target keywords** from your research above — list the top 3 per page

Rohit needs these briefs by end of Tuesday so he can build the pages by Wednesday 5pm (Richard needs them live for Thursday's ad launch).

**PROOF:** 4 content briefs sent to Rohit — screenshot your WhatsApp/email and upload to shared folder.

STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ **Set up Google Search Console for all 4 practice domains.**

GSC is how we track which Google searches lead patients to our websites, and which keywords we're ranking for. If not already set up: go to [search.google.com/search-console](https://search.google.com/search-console), add each domain as a property, verify ownership (ask Rohit for access if needed), and submit the XML sitemap for each site. This is the baseline we measure all SEO progress against.

**PROOF:** Screenshot of GSC showing all 4 properties verified and sitemaps submitted — upload to shared folder.

STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

WEDNESDAY 2 July

Day 3 of 5

**GROWTH: GBP POSTS + DIRECTORIES**

★ **Publish an Offer post on each of the 4 GBPs this week.**

GBP posts appear directly in Google search results and Maps — they are free impressions. Post an "Offer" type post on each location: *"Free Fixed Teeth Solutions Consultation — [Month]. Permanent teeth from £7,997 all-inclusive, with 0% finance available. Book your free consultation and see how we can help you."* Add a before/after photo (with patient consent). Button: "Book now" → link to the FTS landing page for that location. Publish on all 4 today.

**PROOF:** Screenshot of GBP Offer post live on each of the 4 locations — upload to shared folder.

**STATUS (FILL IN DAILY)**

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ **Submit all 4 practices to key UK dental and local directories.**

Directory listings build local authority and create consistent NAP citations. Submit to:

- Yell.com, Yelp UK, Thomson Local, FreeIndex
- WhatClinic.com, Dental Guide UK, Dentist Directory
- NHS Find a Dentist (if applicable)
- Any implant-specific locator directories you can find

NAP must be identical on every listing to how it appears on the GBP. Keep a record of every directory submitted with the confirmation URL or account details.

**PROOF:** List of directories submitted with confirmation links — upload to shared folder.

**STATUS (FILL IN DAILY)**

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ **Run a technical SEO audit on all 4 websites — send issues to Rohit.**

Use Google PageSpeed Insights (free) and Google Search Console. Check: mobile page speed (target 70+ score), Core Web Vitals pass/fail, HTTPS on all pages, broken links on key pages, images without alt text. Prioritise issues as: Critical (fix this week) | Important (fix next week) | Nice to have. Send the full list to Rohit with priority labels.

**PROOF:** Technical audit doc with priority labels — sent to Rohit and shared with Nadia & Gaurav.

**STATUS (FILL IN DAILY)**

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

## OPEN DAY: SEO + GBP

## ★ Brief Rohit to build an Open Day event page on the website.

Once Nadia confirms the date and format, Rohit builds an event page. Page content: what attendees get (free consultation, meet the team, see before/after, Q&A), date/time/location, registration form (connects to GHL). Target keywords: "dental implant open day [town]", "free dental consultation event [town]". Give Rohit the brief in writing today even if the date isn't confirmed yet — he can build the page structure and fill in the date once confirmed.

## STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ Publish a GBP Event post on each location once Open Day date is confirmed.

"FREE Fixed Teeth Solutions Open Day — [Date] at [Practice]. Free consultations, meet our clinical team, see real patient transformations. Register now: [link]" Use the "Event" post type in GBP — it shows the date prominently in search results. Publish this as soon as Nadia confirms the date (she is doing this by Monday EOD).

**PROOF:** Screenshot of GBP Event post live on each location — upload to shared folder.

## STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ Brief Rohit to implement schema markup on all FTS pages.

Schema markup helps Google understand the page content and can generate rich results (star ratings, price info, FAQ dropdowns) directly in search. Send Rohit a brief specifying: LocalBusiness + Dentist schema (name, address, phone, hours, geo coordinates) | FAQPage schema on each location page | Offer schema for the free consultation | AggregateRating schema once review data is available | Event schema on the Open Day page. Ask Rohit to test each page at [search.google.com/test/rich-results](https://search.google.com/test/rich-results) after implementing.

**PROOF:** Rohit's confirmation that schema is implemented + Rich Results Test screenshot — upload to shared folder.

## STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

## SEO REPORT + 90-DAY CONTENT PLAN

★ **Send weekly SEO report to Nadia and Gaurav by 4pm.**

Cover: (1) GBP audit status for all 4 locations — complete or outstanding items (2) GBP posts published this week (3) Location page briefs sent to Rohit — which are live? (4) GSC set up: Y/N — baseline impressions and clicks for FTS terms (5) Directories submitted to: list them (6) Technical issues found and sent to Rohit (7) 90-day content calendar status.

**PROOF:** SEO weekly report — send to Nadia & Gaurav by 4pm Friday.

## STATUS (FILL IN DAILY)

☐ Done ☐ In Progress ☐ Not Done

If not done — Reason: \_\_\_\_\_

Next step: \_\_\_\_\_

☐ **Draft the 90-day FTS SEO content calendar.**

This is the content roadmap that builds our organic rankings over 12 weeks:

- Weeks 1–2: FTS location pages (4 towns)
- Weeks 3–4: "How much do dental implants cost in [town]?" — 4 versions
- Weeks 5–6: "FTS vs traditional dentures — what's the difference?"
- Weeks 7–8: "Real patient stories — Fixed Teeth Solutions before and after"
- Weeks 9–10: "Dental implant finance and payment plans — your complete guide"
- Weeks 11–12: "Am I a candidate for Fixed Teeth Solutions? FAQs"

Share the calendar with Nadia, Gaurav and Rohit by end of Friday.

**PROOF:** 90-day content calendar — share with Nadia, Gaurav and Rohit.
